

## QUESTION:

Q. What is the difference between my SHOW LINK & my Consultant Website?

## SHORT ANSWER:

A. There is effectively NO DIFFERENCE - Two different ways (link vs website) to achieve same results

## LONG ANSWER:

A. All orders placed thru your Perm Consultant Show Link OR mylinenworld consultant track back to you for purposes of commission & hostess credit. Once a customer clicks from your link (or website) they are taken to [www.LinenOrders.com](http://www.LinenOrders.com) (our ordering site)

**There is embedded tracking in both link & consultant website so all clicks / orders are applied to you.**

Also, as orders are received & processed during business hours, you receive email confirmation AND they will appear in your back office. The Perma Link & Consultant Website are TWO DIFFERENT WAYS to achieve the SAME RESULTS. Whether clicks occur on your Perma Show Link OR MyLinenWorld Consultant Website, you are credited with the click / order.
